

Our Community Impact

Wythe County Community Hospital's mission of *making communities healthier*[®] is at the heart of everything we do. It is deeply embedded in how we provide high-quality care for patients, expand and enhance our services, and make meaningful investments to promote the health and economic growth of our region.

For us, healthcare is personal. We are caring for our own neighbors, family, friends and loved ones. That's why we focus on advancing local care and keeping patients where they want to be – close to home. We are committed to meeting the unique needs of all those we serve, both inside and outside our hospital walls, and strive to be the preferred healthcare destination when our community members need care.

Together with Lifepoint Health and community partners like you, we continue to advance our mission and create places where people choose to come for healthcare, physicians and providers want to practice and employees want to work. It is our privilege to serve you.

We are pleased to share this summary of our impact in 2025.

Theresa H. Dix, MSN, RN, CPPS, CEO

2025 Community Benefits

Added new providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in primary care, emergency medicine, anesthesiology, OB/GYN, otolaryngology, pediatrics, pulmonology, urology and wound care.

Donated more than \$17.9 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

Paid \$8,438,675 in taxes

We are proud to be a leader in our region, and our dedication to fiscal responsibility extends to both our hospital and community.

Invested more than \$3.4 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included a MAKO robotics system for joint replacement, a new Ear, Nose and Throat Clinic, and construction and equipment for the pediatrics department.

Distributed a payroll of \$35,518,855 to approximately 410 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and services.

Our Community Impact

2025 Economic Impact

Lifepoint Health National Quality Leader designation recognizes hospitals that have excelled in leadership, performance improvement, culture and patient and family engagement, and have the capacity to continuously measure and improve what they do.
