

About LABS WYTHER US

The same laboratory professionals that provide services to our hospital inpatients, emergency department and physician offices perform your direct access testing. Our laboratory is accredited by the Joint Commission to perform laboratory testing.

The laboratory test procedures are not designed to diagnose illness. They are a tool used to monitor health and allow patients to make health decisions. The results of your tests can be picked up at the hospital, mailed, faxed or accessed via our patient portal. You will be responsible for getting your test results to your physician.

Test results must be picked up in person. Results will not be delivered by phone or email.

LAB HOURS

Daily: 7 am – 7 pm

No appointment necessary

QUESTIONS?

CALL 276.228.0200

LABS WYTHER US is conveniently located on the second floor of Wythe County Community Hospital near the emergency entrance.

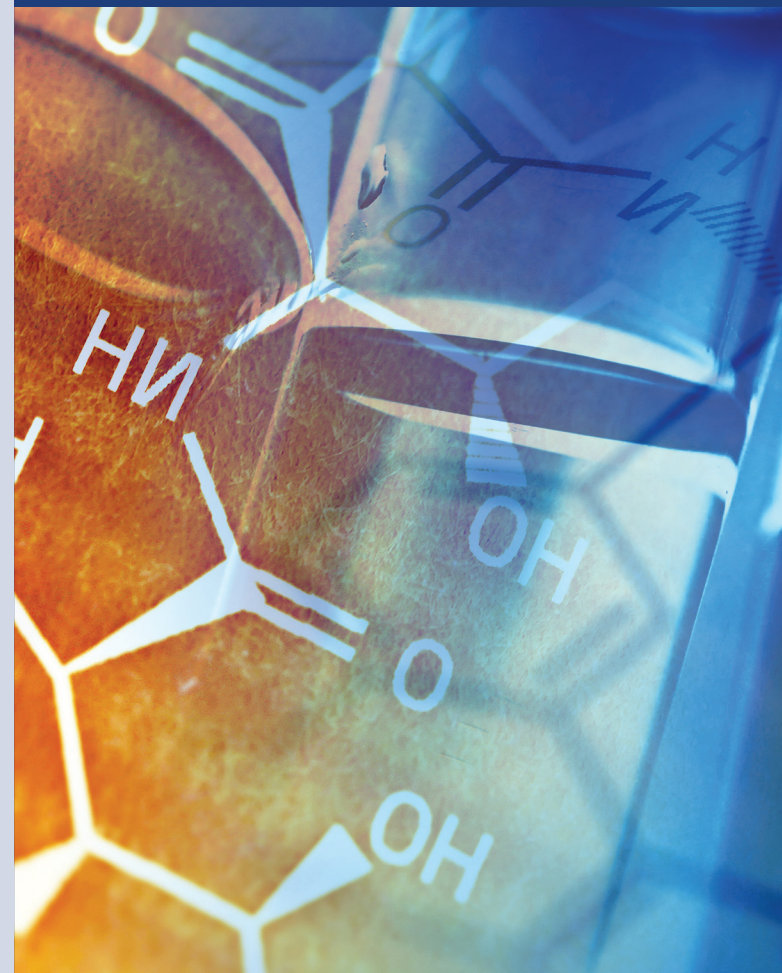

600 West Ridge Road
Wytheville, VA 24382

LABS WYTHER US

DIRECT ACCESS TESTING

SELF REFERRAL LABORATORY

What is Direct Access Testing or Self-Referral?

Direct access testing allows patients to order tests from a limited menu that they wish to monitor. This laboratory service is convenient, cost-effective and allows you to make more decisions about your own health care. We do not require a physician order or bill insurance so there are no worries about coverage or frequency limits.

LABS WYTHE US TEST MENU

BLOOD TESTS

	PRICE
